On loan	A player on loan means that they temporarily join another club, at the end of that loan they return to their original club
Successful defensive actions per 90	How many times a player disrupts the opponent from scoring in 90 minutes
Defensive duels per 90	How many times a player successfully dispossesses an opposition player and stops an attack from progressing
Defensive duels won, %	Percentage of defensive duels won
Aerial duels per 90	When two or more players from opposing teams jump to compete for the ball
Aerial duels won, %	Percentage of aerial duels won
Sliding tackles per 90	a slide on the ground in the legs of the opposition player with a clear intention to dispossess the opponent or to clear the ball out
PAdj Sliding tackles	Possession adjusted, a method to calculate defensive statistics to take possession values into account.
Shots blocked per 90	The average number of opponent shots blocked by the player per 90 minutes.
Interceptions per 90	The average number of times a player intercepts the ball per 90 minutes.
PAdj Interceptions	Likely "Per 90 Adjusted Interceptions," an adjusted statistic for interceptions per 90 minutes.
Fouls per 90	Average number of fouls committed by a player per 90 minutes.
Yellow cards	The total number of yellow cards a player has received.
Yellow cards per 90	The average number of yellow cards a player receives per 90 minutes.
Red cards	Total number of red cards a player has received.
Red cards per 90	The average number of red cards a player receives per 90 minutes.
Successful attacking actions per 90	The average number of successful offensive actions a player makes per 90 minutes.
Goals per 90	The average number of goals a player scores per 90 minutes.
Non-penalty goals	Number of goals a player scores excluding penalty kicks.
Non-penalty goals per 90	The average number of goals a player scores per 90 minutes excluding penalty kicks.
xG per 90	The average expected goals a player is predicted to score per 90 minutes.
Head goals	Number of goals scored by a player using their head.
Head goals per 90	The average number of goals a player scores with their head per 90 minutes.
Shots	The total number of shots a player takes during matches.
Shots per 90	Average number of shots a player takes per 90 minutes.
Shots on target, %	The percentage of a player's shots that are on target.

Goal conversion, %	Percentage of a player's shots that result in goals.
Assists per 90	The average number of assists a player provides per 90 minutes.
Crosses per 90	The average number of crosses a player delivers into the penalty area per 90 minutes.
Accurate crosses, %	Percentage of a player's crosses that reach their intended target.
Crosses from left flank per 90	The average number of crosses delivered from the left side of the field per 90 minutes.
Accurate crosses from left flank, %	Percentage of crosses from the left flank that reach their intended target.
Crosses from right flank per 90	The average number of crosses delivered from the right side of the field per 90 minutes.
Accurate crosses from right flank, %	The percentage of crosses from the right flank that reach their intended target.
Crosses to goalie box per 90	Average number of crosses into the goalkeeper's box per 90 minutes.
Dribbles per 90	The average number of times a player attempts to pass an opponent with the ball per 90 minutes.
Successful dribbles, %	Percentage of successful dribbles a player completes.
Offensive duels per 90	The average number of offensive one-on-one challenges a player engages in per 90 minutes.
Offensive duels won, %	The percentage of offensive one-on-one challenges a player has won.
Touches in box per 90	Average number of times a player touches the ball in the opponent's penalty area per 90 minutes.
Progressive runs per 90	Average number of runs a player makes with the ball towards the opponent's goal per 90 minutes.
Received passes per 90	The average number of passes received by a player per 90 minutes.
Received long passes per 90	Average number of long passes received by a player per 90 minutes.
Fouls suffered per 90	The average number of fouls suffered by a player per 90 minutes.
Passes per 90	The average number of passes made by a player per 90 minutes.
Accurate passes, %	Percentage of a player's passes that reach their intended target.
Forward passes per 90	The average number of passes made in the forward direction per 90 minutes.
Accurate forward passes, %	Percentage of forward passes that reach their intended target.
Back passes per 90	The average number of passes made backward per 90 minutes.
Accurate back passes, %	The percentage of backward passes that reach their intended target.
Lateral passes per 90	Average number of passes made to the side per 90 minutes.
Accurate lateral passes, %	Percentage of lateral passes that reach their intended target.
Short / medium passes per 90	The average number of short to medium-distance passes made by a player per 90 minutes.
Accurate short / medium passes, %	The percentage of short to medium-distance passes that reach their intended target.
Long passes per 90	The average number of long-distance passes made by a player per 90 minutes.
Accurate long passes, %	The percentage of long-distance passes that reach their intended target.
Average pass length, m	Average distance of a player's passes.
Average long pass length, m	Average distance of a player's long passes.
xA per 90	Average expected assists a player is predicted to have per 90 minutes.
Shot assists per 90	The average number of passes leading to a shot (but not an assist) a player makes per 90 minutes.
Second assists per 90	The average number of second assists (the pass before the assist) a player makes per 90 minutes.
Third assists per 90	The average number of third assists (two passes before the assist) a player makes per 90 minutes.
Smart passes per 90	Average number of skillful or creative passes a player makes per 90 minutes.
Accurate smart passes, %	The percentage of skillful or creative passes that reach their intended target.
Key passes per 90	The average number of passes that lead to a scoring opportunity (shot) per 90 minutes.
Passes to final third per 90	The average number of passes into the attacking third of the field per 90 minutes.
Accurate passes to final third, %	Percentage of passes into the attacking third that reach their intended target.
Passes to penalty area per 90	The average number of passes into the opponent's penalty area per 90 minutes.
Accurate passes to penalty area, %	Percentage of passes into the opponent's penalty area that reach their intended target.
Through passes per 90	Average number of passes that penetrate the opponent's defensive line per 90 minutes.
Accurate through passes, %	Percentage of through passes that reach their intended target.
Deep completions per 90	The average number of completed passes into the opponent's defensive third per 90 minutes.
Deep completed crosses per 90	Average number of completed crosses into the opponent's defensive third per 90 minutes.

Progressive passes per 90	Average number of passes that significantly contribute to a team's attacking progression per 90 minutes.
Accurate progressive passes, %	Percentage of passes that significantly contribute to a team's attacking progression that reach their intended target.
Conceded goals	The total number of goals conceded by a team or player.
Conceded goals per 90	Average number of goals conceded by a team or player per 90 minutes.
Shots against	The total number of shots faced by a team or player.
Shots against per 90	Average number of shots faced by a team or player per 90 minutes.
Clean sheets	The total number of matches in which a team or player did not concede any goals.
Save rate, %	Percentage of shots on target that a goalkeeper saves.
xG against	Expected goals a team or player is predicted to concede.
xG against per 90	The average expected goals a team or player is predicted to concede per 90 minutes.
Prevented goals	Number of goals prevented by a goalkeeper or defensive player.
Prevented goals per 90	Average number of goals prevented by a goalkeeper or defensive player per 90 minutes.
Back passes received as GK per 90	The average number of passes received by a goalkeeper as back passes per 90 minutes.
Exits per 90	Average number of times a goalkeeper leaves their goal area to intercept or control the ball per 90 minutes.
Aerial duels per 90	The average number of challenges in the air a goalkeeper engages in per 90 minutes.
Free kicks per 90	Average number of free kicks faced by a goalkeeper per 90 minutes.
Direct free kicks per 90	Average number of direct free kicks faced by a goalkeeper per 90 minutes.
Direct free kicks on target, %	Percentage of direct free kicks faced by a goalkeeper that are on target.
Corners per 90	The average number of corner kicks faced by a team or player per 90 minutes.
Penalties taken	The total number of penalties a player has taken.
Penalty conversion, %	Percentage of penalties a player has successfully converted into goals
